Re: Preferred Communication Systems, Inc.; 800 MHz Public Safety Interference
Proceeding, WT 02-55; *Ex Parte* Presentation

Dear Mr. Muleta:

During our ex parte meeting with you in November 2003 in which we discussed Preferred Communication Systems, Inc.'s ("Preferred" or "Company") concern with the discriminatory treatment of General Category and Lower 80 Economic Area ("EA") market licensees of the Consensus Parties' Proposal both with respect to rebanding within the 800 MHz Band and the allocation of 1.9 GHz spectrum. In that meeting you requested that Preferred clarify its position and provide you with supplementary information with respect to such position on several issues, which we provide herein.

We have attached a brief summary of our position in the form of a two-page Presentation and an Executive Summary of a more comprehensive Ex Parte Presentation we will be filing on Monday, March 1.

Sincerely Yours,

/s/ Charles M. Austin
Chief Executive Officer
